PAVING NOTICE

TO: Residents along the Reconstruction Project
City of Cokato

DATE: October 6, 2021

The bituminous paving is planned to occur along Swanson Ave and 4th St SE on Friday, October 8th.

Please move your vehicle and park on an adjacent street outside of the construction zone by 6:30 a.m. so construction can progress smoothly.

If construction is delayed due to inclement weather, assume it will proceed the following day. Please do not park any vehicles or trailers on the street until the paving is complete. Construction crews will need to have the street clear in order to complete the work.

It is very common on these types of projects that area residents (especially children) become quite curious about the work the Contractor is performing. We ask that you please be respectful of and stay well clear of construction zones. Many hazards and dangers exist from heavy machinery, loose material, confined spaces, hot asphalt, etc. and often times are not recognizable by the general public. The Contractor has responsibility to ensure safety on the project and within the construction area. Any direction from the Contractor regarding safety must be heeded; likewise if you observe an unsafe condition please report it to the RPR immediately.

If you have any questions or concerns at any time, feel free to contact Caden Hanna, Construction Representative at 507-430-6152

We thank you for your patience and understanding during this construction project.
